

## VOLUNTEERS NEEDED FOR STUDY IN APATHY!

We are looking for healthy people over the age of 40, who have no family history of Huntington’s Disease (HD), to participate in research being conducted by Monash University. This study aims to better understand how apathy affects people with HD.

### What is involved:

Online questionnaire related to demographic and health information, as well as your thoughts, feelings and daily activities

Some people will also be invited to:

1. Wear a Fitbit device for 5 consecutive days
2. Complete a computerised motivation task & some paper/pencil puzzles (where you will be reimbursed \$40 for your participation)

### Time:

- Online survey ~ 30 minutes
- Motivation & paper/pencil tasks ~ 2 hours

### Location:

- Monash University, Clayton Campus

Scan the QR Code to complete the survey!
