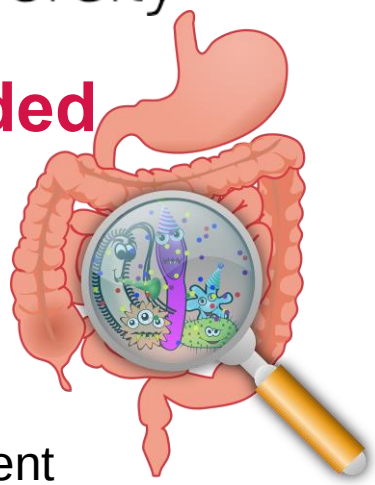
MUHREC 19203

"The use of prebiotics to lower blood pressure"

MONASH University

Hypertensive participants needed

Gut bacteria and blood pressure study



We are recruiting participants to participate in an exciting clinical trial to test if a food supplement that acts on the gut bacteria can lower blood pressure.

- **Are you 18–70 years old?**
- **Do you have high blood pressure (140/90-160/100)**
- **Are you not taking medication?**
- **Join a 9 week dietary study**
