

# **VOLUNTEERS WANTED: VISION RESEARCH PROJECT**

People with normal, healthy vision between the ages of **60 and 85** are wanted for a research study assessing changes in vision with ageing.

**Up to three** test sessions of approximately **2 hours** are involved which will include an abbreviated eye examination and a computer-based testing of vision.

Volunteers **will be reimbursed \$20 per session** to assist with any out-of-pocket expenses incurred in attending.

## **Enquiries:**
